Made from a durable iron-on material & fits perfectly

These iron-on labels are applied in just 20 seconds using an iron heated to 160°C. The glue then fuses with the fabric, making it resistant to a minimum of 30 machine washes at 60°C. Our iron-on labels are of superb quality, printed in the brightest colours & sharpness and with precise cutting.

Usage	Iron-on fabric
Finish	No lamination
Type of printing	Four-colour process
Material	White iron-on
Resistance	Tumble dry and washable up to 60
Lifetime	Multiple machine wash cycles

 Transparent background not possible

Instructions: How to iron-on your personalised clothing labels?

1. Make sure that the area to which you want to attach the label is clean, completely dry and not wrinkled
2. Place the garment on your ironing board and place the sticker in the desired position.
3. Cover the label with a piece of baking paper.
4. Heat your iron to 160 degrees (polyester, wool setting).
5. Press the iron on the baking paper / label for 20 seconds.
6. Wait 48h before the first washing.
